Delphi, Ind. My Old Friends

I have just finished reading the Delphi  
 Citizen in which read the account of  
 your father passing a way and will say  
 that I can endorse the statements and  
 sentiments there in expressed. We have  
 been sojourning in the same community  
 for a good many years and our lives  
 were an open book for the public to  
 praise or criticize as the saw fit.  
 You both have made a bright star  
 in your town by showing such  
 constant devotion in the many weeks  
 of loving care of your dear father  
 in his last day on this earth.  
 You have my love and respect for kind efforts  
 I can as ever your friend  
 Paul Gregg
